

Executive Summary: Escalaton Summit 2024 – Entrepreneurship, Innovation and Sustainability

With a focus on sustainable solutions in technology, logistics, and sustainable tourism, this unique event aims to foster regional and global cooperation. Through inspiring talks, high-level panels, and dynamic networking, the Summit strengthens connections among key players to drive sustainable transformations aligned with the Sustainable Development Goals (SDGs), positioning Latin America as the epicenter of innovation and sustainable development.

Dates and Location: November 21 and 22 in Panama City, Panama.

Summit Objectives:

- Promote regional collaboration in sustainable innovation.
- Develop joint strategies aligned with the Sustainable Development Goals (SDGs).
- Strengthen Latin America and the Caribbean as an innovation hub in technology, logistics and tourism.

Key Participants:

- Corporates: Business leaders and innovation heads interested in implementing sustainable and disruptive solutions in their industry.
- Startups: Entrepreneurs with innovative solutions seeking visibility, funding, and scaling opportunities.
- Government: Representatives discussing public policies to foster innovation.
- Academia: Universities and research centers involved in developing innovative solutions.
- Innovation Ecosystem: Incubators, accelerators, and investors interested in sustainable projects.

Topics Covered:

- **Technology and Innovation:** Digital transformation and the creation of tech startups.
- **Logistics and Global Connectivity:** Implementing advanced technologies to enhance efficiency and sustainability in the supply chain.
- **Nearshoring for Innovation:** Positioning Panama as a hub for nearshoring to attract global companies and foster innovation.
- **Academic-Scientific Collaboration:** Partnering with universities and research centers to drive industry-aligned innovation.
- **Sustainable Tourism:** Initiatives for responsible tourism leveraging biodiversity and cultural heritage.

Key Components:

- Keynotes and panel discussions from local and international leaders coming from more than 20 cities.
- Escalaton 2024 Challenges: Collaboration between universities and startups to tackle industry-specific challenges.
- Venture Club Latam "All Stars" Pitch Day: Presentation of top startups to world-class investors.

Expected Outcomes:

- Establishment of regional strategic alliances.
- Policy proposals to encourage innovation.
- Launch of new initiatives and investments in key sectors.
- Innovative solutions developed during the Escalaton 2024 Challenges.
